## TREES

(For Mrs. Henry Mills Alden)

I think that I shall never see  
A poem as lovely as a tree  
A tree whose hungry mouth is prest  
Against the earth's sweet flowering breast;  
A tree that looks at God all day,  
And lifts her leafy arms to pray;  
A tree that may in Summer wear  
A nest of robins in her hair;  
Upon whose bosom snow has lain;  
Who intimately lives with rain.  
Poems are made by fools like me,  
But only God can make a tree.
